

Texas Balance of State Continuum of Care HUD CoC Program 2018 Renewal Project Application

Introduction and Background

The FY 2018 Continuum of Care (CoC) Program Notice of Funding Availability (NOFA) was released on Wednesday, June 20, 2018.

Important changes for Renewal Projects in the FY 2017 CoC Program Renewal Project Application Detailed Instructions will be added to this Application Packet Guide after HUD releases the Detailed Instructions.

This document outlines the application and evaluation process for FY 2018 Renewal Projects in the TX BoS CoC. Awards made under the CoC Program are eligible for renewal for FY 2018 funds if they are listed on the [2018 GIW](#). A list of all TX BoS CoC applicants eligible to apply as Renewal Projects can also be found in Appendix F of the 2018 Request for Proposals (RFP).

Renewal Project applications are currently available in HUD's online portal for the CoC Program competition, e-snaps. (**Do not** click the "submit button" in e-snaps until directed to do so by TX BoS CoC staff.) For assistance with applications in e-snaps, applicants may access the following HUD guidance documents:

DISCLAIMER: This application guide is subject to change based on the release of new information from HUD. Applicants will be advised of any application guide revisions via the TX BoS CoC e-mail list.

Applicants are advised to begin work on the project application as soon as possible. Application packets are due to the TX BoS CoC on **July 27, 2018, by 5:00 PM CDT**. Please contact TX BoS CoC staff at TXBoSCoC@thn.org with any questions.

At this time, the TX BoS CoC is limiting all projects to a one-year grant term.

Application Guidance

- If any formal grant amendments were completed prior to the application submission deadline, then project applicant should apply using the amended grant information.
- Applicants are encouraged to use the "Submit without Changes" function on their project application in e-snaps, as this expedites the review process. However, the "Submit without Changes" function is not applicable for first time renewing projects applications.
- Prior to beginning work on a project application in e-snaps, project applicants must update their applicant profile, including the HUD-2880.
- HUD strongly recommends that applicant organizations provide at least 2 points of contact so that multiple contacts are available to answer questions.

Grant Consolidation

New in the FY 2018 Competition, project applicants may request their eligible projects to be part of a grant consolidation. This process allows a single project applicant to consolidate up to four grants into one consolidated grant without going through the grant amendment process.

Eligible projects to participate in grant consolidation must expire in Calendar Year 2019, be awarded to the same recipient, and be for the same project type.

Applicants wishing to undergo grant consolidation must submit an application in e-snaps and an application packet to THN for each renewal project to be consolidated, as well as a single, fully consolidated project application and application packet that includes all the consolidated data and budgets from the individual project applications that are being included in the consolidation.

Example: Texas House is a recipient of 2 PSH grants and wishes to undergo grant consolidation to reduce administrative burden. Texas House would complete 2 renewal applications, one for each of its PSH projects, in e-snaps. Texas House would also complete a consolidated application that included the data and budgets from its two PSH grants in e-snaps. In addition, Texas House would also submit 3 application packets to THN; one for each of its PSH renewal projects, and one for its proposed consolidated project.

Evaluation Process for Renewal Projects

The CoC Board will review and release the FY 2018 Review, Score, Ranking Polices and Re-Allocation Process for 2018 prior to the evaluation of FY 2018 project applications. The purpose of the evaluation process is to help the TX BoS CoC fully maximize CoC Program funds and make decisions related to scoring, ranking, and funding cuts, if needed. The process will be distributed to applicants via the TX BoS CoC FY 2018 applicant email list, which will be created after the mandatory 2018 TX BoS CoC Program Competition Webinar on 7/9/2018.

After the Renewal Project applications are submitted to the TX BoS CoC, staff will review the applications to determine if they meet threshold requirements with clear and convincing evidence. If the applications meet the threshold requirements, the applications will be forwarded to the TX BoS CoC Independent Review Team (IRT) for scoring.

The TX BoS CoC IRT will complete a Renewal Project Score Sheet for each CoC Program Renewal Project application. After receiving all the Renewal Project Score Sheets, the TX BoS CoC Board will rank all renewal projects according to their total score and the FY 2018 Review, Score, Ranking Polices and Re-Allocation Process.

Priority Scoring Areas

The scoresheet that will be used to review, score, and rank all Renewal Projects as part of the FY 2018 CoC Program competition will include the following priority scoring areas:

- Targeting hard-to-serve persons
- Access to income from all sources
- Housing stability
- Returns to Homelessness
- Meeting community need
- Cost effectiveness
- HMIS data quality
- Project monitoring results
- CoC engagement
- Agency-level System Performance Measures (SPMs)

- Housing First

Projects failing to submit required information for a priority scoring area will receive zero points for that priority area. Projects that have not completed one full operating year will be “held harmless” in scoring and ranking, meaning their project performance data will not be evaluated in this year’s competition.

Project applicants may find it helpful to reference the FY 2017 score sheet to identify priority scoring areas. The FY 2017 Renewal Project score sheet may be found in Appendix B of the following document: <https://www.thn.org/wp-content/uploads/2017/05/2017-TX-BoS-CoC-Review-Score-and-Ranking-FINAL.pdf>.

Data Sources

While some data will be collected from narratives such as the project description and the Housing First Questionnaire, the majority of the data used in project evaluation comes from projects’ competition Annual Performance Reports (APRs), which are dated from 07/01/2017-06/30/2018. The TX BoS CoC will also consider Point-In-Time (PIT) Count data, Housing Inventory Count (HIC) data submission, and the project’s System Performance Measures (SPMs). However, information in four of the Project Capacity priority scoring areas can only be obtained directly from providers or from Sage HMIS. Data from these sources is verified by HUD whenever possible:

1. HUD audit/monitoring findings documentation;
2. Information on timely draws and unspent funds from each applicant’s Line of Credit Control System (LOCCS) accounts
3. Information on project matching funds; and
4. Information collected by HUD field offices as shown through Sage HMIS, including total LOCCS draws amounts

On June 27, 2018, applicants received a request for their LOCCS data from THN. Applicants are required to respond to THN’s LOCCS request by July 13, 2018, at 5:00 PM. All reported information is subject to verification by HUD and the eLOCCS draws displayed in Sage HMIS.

TX BoS CoC staff will run competition APRs (date range 07/01/2017-06/30/2018) during the week of July 16, 2018. Applicants that use Osnum must submit their APRs directly to THN at txboscoc@thn.org by no later than 5:00 PM on Monday, July 16, 2018. Applicants will be unable to make adjustments or corrections to their APR data used during competition after their project’s APR is run by THN Staff, or after they have submitted their Osnum APR to THN staff via email.

Renewal Project Application Packet

The Renewal Project Application Packet consists of the following items:

- Applicant Profile
- Project Application
 - The Project Description will be closely reviewed. The project description should be a complete and concise narrative that addresses the entire scope of the project, including a clear picture of the community/target population(s) to be served, the plan for addressing the identified needs/issues of the community/target population(s), projected outcome(s), and any coordination with other source(s)/partner(s). Please use the guidance below to ensure response completeness. The description must identify:
 - Demonstrated community needs
 - The target population(s) to be served, including the number of single adults and the number of households with children to be served when the project is at full capacity
 - The project's plan for addressing identified housing and supportive service needs
 - Proposed project outcomes
 - Coordination with other sources or partners
 - The reason CoC Program funding support is required
- Most recent HUD audit/monitoring results
 - If there were findings that have since been resolved, please provide documentation from HUD.
 - If there were findings that are currently being resolved due to a recent monitoring, please provide an explanation of what efforts are currently underway.
- 2018 CoC project match
 - Match letters must be dated between May 1, 2018 and September 18, 2018.
 - Program income may be counted as match. Project applicants that intend to use program income as match must provide an estimate of how much program income will be used for match.
 - If applications include third-party in-kind match, a Memorandum of Understanding (MOU) that confirms the in-kind match commitment must be attached in e-snaps and submitted as part of the Renewal Project Application Packet to the TX BoS CoC.
 - A recipient or subrecipient may use a letter from the partner agency to document the commitment to provide the in-kind service in advance of executing a formal MOU, for instance, if the recipient/subrecipient opts to wait to execute an MOU upon receipt of notification of award from HUD. However, **a formal MOU with the partner agency will be required before grant**

execution, if awarded. The best practice is to secure the MOU before submitting an application.

- Certification of Consistency with the Consolidated Plan
- Documentation of homeless or formerly homeless person's participation in the Board of Directors or other equivalent policymaking entity
 - The documentation of homeless or formerly homeless person's participation in the Board of Directors or other equivalent policymaking entity must be dated between May 1, 2018 and September 18, 2018.
- Housing First Questionnaire
- CoC Expectations Form

Submission of Renewal Project Application Packets

All renewal applicants must submit **one e-mail per project** to txboscoc@thn.org with the attachments listed below by **July 27, 2018, at 5:00 PM**. Use the naming conventions for each file found in the middle column of the application packet checklist found on the following page. Submissions out of compliance with this format will not be accepted.

Any required documents that are incomplete or received after the due date and time will not be reviewed or included in the FY 2018 TX BoS CoC's Consolidated Application, in accordance with the CoC Board's late submission policy found in Appendix C of the RFP. The TX BoS CoC reserves the right not to review projects that do not meet eligibility requirements. The checklist on the following page will help applicants to ensure that they have submitted all needed materials to participate in the FY2018 TX BoS CoC Competition.

Do not click "submit" on the project application in e-snaps until directed to do so by TX BoS CoC staff.

"Submitting without Changes" in e-snaps

Like in FY 2017, HUD is allowing renewal project applicants to submit their renewal application without changes. Only projects that have been renewed at least once can bring forward a previous year's application and choose the "Submit without Changes" option. For those project applicants that brought forward information from a previous year's application, this option allows project applicants to unlock and make changes to information **or** choose to submit without changes if all the imported data is accurate.

Renewal project applicants should review the imported information thoroughly to ensure that the information is still reflective of grant activities, milestones, and accomplishments; THN especially recommends renewal applicants review imported information before selecting "Submit without Changes" as this information is the most subject to change from grant cycle to grant cycle, and will be verified by HUD.

While project applicants are encouraged to select the "Submit without Changes" option when appropriate, THN staff may request that applicants unlock and alter parts of the application that the applicant had not edited previously, as part of threshold review.

Attachment: Housing First Questionnaire

Overview

Housing First is an approach that prioritizes rapid placement and stabilization in permanent housing and does not have service participation requirements or preconditions. Review Section III.c.3.l and Section II.A.4 of the [FY 2018 Continuum of Care \(CoC\) Program Notification of Funding Availability \(NOFA\)](#) and the Housing First PSH brief at <https://www.hudexchange.info/resource/3892/housing-first-in-permanent-supportive-housing-brief/> for more information.

Housing First projects share essential elements:

- A focus on helping individuals and families access and sustain permanent housing as quickly as possible without time limits.
- A variety of services delivered to promote housing stability and individual well-being on an as-needed basis, and client participation in these services is voluntary.
- A standard lease agreement, i.e., housing is not contingent on engagement with services.
- A focus on reducing barriers to project entry, i.e., not screening potential project participants out for having too little or no income; an active, or history of, substance use or a substance use disorder; no employment; a criminal record (with exceptions for state-mandated restrictions); or a history of domestic violence, including the lack of a protective order or law enforcement involvement.
- Not terminating project participants from the project for the following reasons: not participating in supportive services; not making progress on a service plan; loss of income or not increasing income; being a survivor of domestic violence; not paying rent on time; and/or for needing to move to a new apartment.

Additional information about Housing First practices can be found here:

http://thn.org/wp-content/uploads/2017/05/THN_HousingFirstResourceList-1.pdf.
